Common Insects In Our Area
(continued)

Dusted Skipper Butterfly .......... 34
Eastern Comma Butterfly .......... 35
Eastern Blue-Tailed Butterfly .... 36
Eastern Tiger Swallowtail Bfly ... 37
European Skipper Butterfly ....... 38
Fiery Skipper Butterfly .......... 39
Giant Swallowtail Butterfly ..... 40
Grasshopper ....................... 41
Gray Hairstreak Butterfly ....... 42
Great Spangled Fritillary Bfly ... 43
Henny's Ellin Butterfly .......... 44
Hobomok Skipper Butterfly ...... 45
Honey Bee .......................... 46
Horaces Duskywing Butterfly ... 47
Hummingbird Clearwing Moth ... 48
Indian Skimmer Butterfly .......... 49
Io Moth ............................... 50
Juniper Hairstreak Butterfly ..... 51
Junvacls Duskywing Butterfly ... 52
Ladybug .............................. 53
Least Skipper Butterfly .......... 54
Leopard Skipper Butterfly ....... 55
Ltted Sphynx Moth ................. 56
Little Glasswing Butterfly ....... 57
Little Wood Satyr Butterfly ..... 58
Long Dash Butterfly ............... 59
Long Tailed Skipper Butterfly ... 60
Mandl ................................ 61
Mayfly Nymph ....................... 62
Milberts Tortoise shell Bfly ...... 63
Monarch Butterfly ................ 64
Mourning Cloak Butterfly ....... 65
Mulberry Wing Butterfly .......... 66
Mustard White Butterfly .......... 67
Northern Broken Dash Bfly ...... 68
Northern Pearly Eye Butterfly ... 69
Orange Sulphur Butterfly ....... 70
Painted Lady Butterfly .......... 71
Pandorus Sphinx Moth ............ 72
Paper Wasp .......................... 73
Pearl Crescent Butterfly ......... 74
Peck's Skipper Butterfly ...... 75
Pipevine Swallowtail Bfly ...... 76
Polyphemus Moth .................. 77
Question Mark Butterfly ...... 78
Red Admiral Butterfly .......... 79
Red Spotted Purple Butterfly ... 80
Regal Fritillary Butterfly ........ 81
Ribbed Pine Borer ................ 82
Rosy Maple Moth .................. 83
Sachem Butterfly ................ 84
Silver Bordered Fritillary Bfly ... 85
Silver Spotted Skipper Bfly ..... 86
Snow Flea .......................... 87
Speckled Wood Bfly ............... 88
Spring Azure Butterfly .......... 90
Striped Hairstreak Butterfly .... 91
Summer Azure Butterfly ....... 92
Tawny Edged Skipper Bfly .. 93
Tent Caterpillar .................... 94
Variegated Fritillary Bfly ...... 95
Viceroy Butterfly ................ 96
Water Strider ........................ 97
Whirling Beetles ................. 98
Wild Indigo Duskywing Bfly ...... 99

Description of Zones:

1. Meadow Fields — This area is bounded by the woods on the south, West Main Road on the east, Chase farm on the north and part of the west, and the parking lot on the west.

2. Eastern Woodland — This area is bounded by Raytheon roadways on the south and west, by open fields on the north, and West Main Road on the east.

3. Manicured Lawns — This area is bounded by Lawton Valley on the south, West Main Road on the east and Raytheon roadways on the north and west.

4. Lawton Valley — This area is bounded by Lawton Brook on the south, West Main Road on the east, the fence behind Building 4 on the north, and the end of the lower yard on the west.

5. Western Woodland — This area is bounded by a fence on the south, Raytheon roadways on the east, parking lots, and Raytheon roadways, and fencing on the north, and Burma Road on the west.

6. Manicured Lawns — This area is bounded by woods on the south and west, by a fence and meadow fields on the north and Raytheon roadways on the east.

Report sightings of insects on the Raytheon Portsmouth, Rhode Island grounds!

Help the REWHC team report species diversity and species variation from season to season and year to year.

Additional copies of this checklist may be downloaded directly from the REWHC website at:
http://rewhc.org/surveys/checklists/insectlist.pdf
1.0 General Information

For us to make accurate connections between the species and the rest of the natural world, we need to make sure that information collected for REWHC is standardized among observers. By taking a little extra time, you can help us:

- better understand whether certain species prefer certain habitats
- detect the relationship between weather and what's going on with the species
- determine how time of day, duration of time spent observing, and other factors influence which species we see

For a given visit, it is recommended that one zone be surveyed to provide optimal focus. Please use one checklist per zone per visit.

### 1.1 Standard Information

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Observation Date (mm/dd/yy)</td>
</tr>
